Supt. W. S. McInt.

Dear Sir.

It has always been a question in my own mind. And in the minds of others, which is the head, and which is the tail side of a two cent piece. And in order to fully and finally satisfy myself I have decided to apply to the highest authority. Will you therefore have the kindness to mark the head side of the enclosed coin and return the same to the undersigned, together with this inquiry, and by so doing, confer a favor upon.

Yours very truly
